SITUATION

Eaglestone is a delightful B Listed house in the conservation area of Strathpeffer, a Victorian Highland spa village in Ross-shire. The property lies in a peaceful setting on the edge of the village, sheltered by the mature woodland that fringes its boundaries.

Strathpeffer expanded with the arrival of the railway in Victorian times when visitors came to take the famous spa waters. Today the village is popular for its handsome architecture, sense of community and as a base from which to enjoy the area with its easy access to Inverness and the west and east coasts.

The village has a small supermarket, highly regarded primary school, restaurant, hotels and a modern doctors' surgery. The market town of Dingwall is just a ten minute drive away and has a wider range of shops and amenities including an excellent secondary school while Inverness, about 19 miles away, has all the facilities of a modern city including its airport with regular flights to the south and Europe.

DESCRIPTION

Eaglestone was built in the mid 1800's and is a significant house in the village for its striking design with its symmetrical 3 bay frontage and continuous open fronted veranda around the house. Further information on the house and its listing status can be found at <https://her.hightland.gov.uk/monument/MHG16305>

The current owner bought the house about four years ago and since then has carried improvements to all elements of the property - the house, coach house and grounds - to create a delightful and versatile home.

The house is in good order throughout and has well laid out family accommodation retaining many original features including its gracious reception rooms each with one curved wall, cornicing and

open fires. The coach house is currently used as garaging, workshops and storage, but previously had planning consent and listed building consent for conversion to a two bedroom cottage with conservatory.

GARDEN GROUNDS

Eaglestone is approached from the single track public road, wrought iron gates opening to a driveway that leads around the house to a generous parking area.

The grounds extend to approximately 1.07 acres. The established gardens comprise lawns, fringed and interspersed with mature specimen trees and shrubs. Hedging and woodland around the boundary provide privacy and shelter.

OUTBUILDINGS

COACH HOUSE

The former coach house is an attractive stone building lying to the rear of the house. This is currently used for garaging and storage but offers the potential, subject to the necessary consents, for conversion to residential or office accommodation. Lapsed planning consent for conversion was granted in 2003 and the original, consented plans are available to interested parties. Further information on the planning process is available from the Highland Council Planning Department.
